ACTOBANDS

ActoBands are US Patent Pending weighted pouches designed to wrapped around the legs of a K9. The dogs simply walk for 15 minutes each morning during a potty break. The weights produce isometric-isotonic loads on the small stabilizing muscles and large motor muscle of the shoulders, withers, hips and loins resulting a a powerful ripped frame within 3-4 weeks.

ACTORUB-K9

ActoRub K9 is registered as an Animal remedy and is the only liniment designed for K9's. The herbal ingredients of the ActoRub penetrate quickly and increase blood flow to both muscle and joint and relieve pain and relax tight muscle. This allows the muscles to recover super fast after muscle activity resulting in even faster muscle development.

ATLAS

Atlas is an FDA registered animal remedy high potency K9 Muscle and Joint supplement powder. You add 1-2 teaspoon of the powder everyday to the dogs food. Atlas contains 16 separate biologic ingredients in 3 synergistic categories:

- 1) MUSCLE, ENERGY & JOINT building compounds: Green Lipped Mussel; Sea Cucumber; 1-million Dalton Hyaluronic Acid; MSM; Creatine Monohydrate; Vit C, Molasses powder
- 2) Anti-Inflammatory Compounds: Turmeric; Boswellia; Black Pepper; Cinnamon: Devil's Claw Root; Calcinated curcumin
- 3) GUT Health and Gut Immunity compounds: Diatomaceous Earth; Calcium Dolomite; 5-million CFU Probiotics; Mollasses powder

These components are engineered to speedily get absorbed and rapidly boost the absorption and utilization of the nutrients from the dogs regular food as well as penetrating and building up muscle and joints.

President's Message

Greetings – I hope everyone is having a great winter and a healthy start to the new year!

As I travel across our country and visit numerous clubs, I often admire how much fun dog sport can be, how much our members enjoy the fellowship of their clubs, and how welcoming and kindhearted you all are.

No matter the reasons you are in USCA, my focus is to make sure that all of you have the chance to reach your goals. Opportunity is available for all at many levels ranging from club, regional, and national events. In total, our clubs host almost 300 events per year, including

helper and tracklayer classifications. I encourage all members to take advantage of everything USCA has to offer.

Dog sport is gratifying and humbling. There is no overnight success. As you set training goals for 2020, focus on what is important for you and make the time you spend with your two and four-legged friends enjoyable. Surround yourself with positive people who will help you accomplish your objectives.

Remember that in any journey, there will be challenges and obstacles. For many people, these obstacles are not viewed as a natural occurrence but as a reason to give up. **DON'T**. Enjoy the journey, learn to have fun with challenges. Recognize that mistakes are stepping stones. Appreciate them for what they can teach you. Years down the road, may you look back with joy at all the great memories you created and friends you made!

"It is good to have an end to journey toward; but it is the journey that matters, in the end!"

– Ernest Hemingway

Thanks to each of you for valuable contributions to our organization. You are our greatest asset! I wish you all success in 2020.

Happy New Year!

Vadim Plotzker,
USCA President

Mark Scarberry,
USCA Vice-President

Director of Judges' Message

Congratulations to everyone from the host club, volunteers, tracklayers, helpers, competitors, judges and spectators at the 2019 USCA GSD National Championship! It takes a lot of work to host a championship and a lot

of training to qualify and show at this level event!

I would also like to thank Mike Gardner for his more than 14-years serving on the USCA Judges Committee; Mike was a member of the committee prior to my becoming Director of Judges. Mike has always been a fair and dedicated member of the Judges Committee and over the years has helped with many difficult situations and decisions with which this committee has been presented. Also welcome to Beth Bradley our new member on the USCA Judges Committee.

With the start of the new year all clarifications to the IGP rules are now effective. If you have not already done so, please download or purchase the Version 2.0 USCA Rulebook. This updated version has been available on the website since November.

Although the exercises have not changed in the basic descriptions there have been clarifications approved by the SV and the VDH regarding the correct way to present the exercise and stipulations on following the judges directions.

Some of the major clarifications are:

1. Tracking – Corners must be laid in a 90 degree pattern there are diagrams of the two approved methods in the rule book. The handler should be beside the dog and facing the direction of the track at any restart. The articles may be picked up from either side by the handler and shown to the judge but the handler must then restart the dog from the side that they picked up the article. In the event that the dog tangles in the tracking line and the handler is give permission to “down” the dog to untangle the line, the restart must be done with the handler at the end of the tracking line (not alongside the dog as done after an article indication).
2. Obedience – All exercises must be started on the signal from the judge. Starting an exercise before receiving a signal from the judge will result as a fault (point deduction). Handlers are always allowed to retake the “basic position” one time after picking up the dog from the previous exercise or they may start from the same position that they picked the dog up from in the previous exercise,

but retaking a second “basic position” after the judge signals the handler that it is OK to start the exercise will also result in a fault (point deduction). In the IGP1 recall over the wall, if the dog follows the handler the handler has up to two additional attempts to reposition the dog back to the same basic position to start the exercise. Also in the recall over the scaling wall in the IGP1, if the dog does not go over the wall all points are lost (-15). In all retrieves the dumbbell should be thrown approximately 10 meters, intentionally throwing the dumbbell less than 8 meters or more than 15 meters may result in a fault. In all retrieves the dog must present the dumbbell to the handler, dropping the dumbbell and the handler picking it up from the ground does not complete the retrieve exercise and is a major fault, showing “no retrieve”. In the “send out” the following are a loss of all points: going off the field or to the end of a fenced field and searching or not stopping; coming back to the handler; not going out. There are additional partial deductions outlined in the rulebook.

3. Protection – the use of out-hier-fuss is allowed to call out a dog in the “Hold and Bark” exercise if the dog is gripping the sleeve when the handler is at the callout position and signaled by the judge, but is a major fault of at least -14 pt. In the back transport when the handler approaches the dog to pick it up, they may use the command “sit” but not until they are next to the dog in the basic position. If the handler stops back or behind the dog and on the command “sit” the dog moves back to the handler that part of the exercise is faulty. Back Transport: In the command to the helper to move away from the dog the helper will now step back eight paces and stop until the handler gives the helper the command to “transport or move out”. Side Transport: if the dog grips the sleeve the transport is stopped and the handler is now allowed to use the out command. If the dog outs, the transport will continue, if the dog falls out of position in the side transport the transport is stopped and the handler may use “hier fuss” to get the dog back into position between the handler and helper to complete the transport.

Please review the rulebook for more complete information or ask questions of your judges during the handlers meeting at the trial.

Best of luck in your training and trials for 2020.

Nathaniel Roque
USCA Director of Judges

In Loving Memory

Michael Hamilton

3/10/1951 - 11/25/2019

On the morning of November 25, 2019, the United Schutzhund Clubs of America lost one of its true pioneers. Michael Hamilton had lost his battle from a long illness and now rests in eternal peace.

Mike joined USCA in 1981 where during those early years he served his club and other clubs in the Midwest as a schutzhund trainer and helper. During the 1980's Mike and his club, Western Indiana Schutzhund Club, hosted several Spring and Fall national championships with the full support of Purdue University.

In 1993, Mike received his USCA Performance Judges License (#22) with which for over 20 years he served our organization until his retirement in February 2015. In addition to Mike's work as a trainer and performance judge his strong drives for leadership, positioned him to serve as USCA's President from 1996-2002; during which time we hosted a successful WUSV Championship near Cincinnati, Ohio in 1998. During his tenure as President, Mike led the organization through turbulent times and set the organization on a path of prosperity and worldwide recognition among WUSV nations. Throughout his career, Mike's priorities were to always put USCA first and position us to always support the very grass roots membership. To many, he was simply "a wonderful man" who gave freely to the United Schutzhund Clubs of America.

We are all saddened by his passing and express our deepest condolences to his family and loved ones.

Gene England

The United Schutzhund Clubs of America and the world of dog sport has experienced an immeasurable loss. On October 11, 2019, Eugene Perry England lost his valiant battle with cancer.

Know to us simply as Gene, or "Papa Bear", his life with dogs, particularly German Shepherd Dogs, began in the mid-seventies training and handling security K-9s in Bowling Green, KY. From this humble beginning he spent the next five decades giving of his knowledge and training principles in the world of Schutzhund and police K-9 work. While he taught countless dog handler teams and Law Enforcement Officers, he demonstrated the results of those training methods as a competitor both here in America and in Europe. This commitment to success was best demonstrated when he won the very first World Schutzhund Championship in 1992.

Best known and sought by many was his knowledge and work in tracking and protection. "Such platz" became the gold standard for tracking teaching and training. The first use of tables in the early nineties revolutionized our ability to maximize our dog's strengths and character needed for high scoring and self-confident protection work. Attestation is best described by anyone who has ever trained with him or attended one of his seminars. The use of his teaching methods and techniques has become a common part of our training narrative to this very day. Whether you were a novice, mid-level or a professional with a dog at your side, Gene's doctorate in dog behavior was of great value to you.

Most will remember him as a big man with an even bigger heart. He was a true giver and for all of those who have benefited from his gift, that will be his legacy. That legacy will survive through the thousands of Gene England stories and the performances of man's best friend on the sport field or on the streets. Rest in peace our friend as you are truly missed, but you have left us all, and our dogs, in a much better place.

2019 USCA Sieger Show

By Heidi Theis, USCA National Breed Warden
Photos by: Vitaliy Autin

This year USCA had the privilege to co-host the Sieger Show with the Piedmont Schutzhund Club October 11-13, 2019, at Iredell County Fairgrounds in Troutman, NC. The co-hosting club did an outstanding job from concept, to start, to finish of the event. There were nearly 400 dogs entered by larger breeders, smaller breeders, and individuals. The judge for the males was Herr Lothar Quoll and due to a very unfortunate family illness and fairly last minute cancellation by Herr Frank Goldlust, the Sieger Show Committee was able to secure Herr Edgar Pertl to judge the female classes.

Friday morning began with the judging of the working class Performance Phase by USCA DOJ Nathaniel Roque. It seems that competitors are working harder and harder from year to year to make a nice showing in this phase due to USCA's increasingly stricter requirements. This year there were four male and four female Performance Award winners, six of which are American bred, four of which are breeder owned and titled. All eight of these dogs made V show ratings on Sunday.

After the conclusion of the performance phase were the stand exams for all working males, all working females, and the always and ever adorable puppy classes! It is always fun to watch the puppies learning and eventually taking their turn in the future in the working classes once they are all grown up.

Saturday was the beginning of all of the upper classes from the Youth and Young Classes, to the Open Classes, to the Veteran's Classes. Saturday was also scheduled for the Youth Handler Seminar which was conducted by Elena Ortiz, Sylvio Grimm, and his daughter Saskia Grimm. I have been lucky to attend almost every USCA Sieger Show since their 1990 inception and this was the most well attended Youth Handler Seminar that I have ever seen and it is all because of Elena Ortiz's planning and organization. It was very exciting to see so many young children getting involved and learning.

What is a Sieger Show without a little rain, right? Sunday was the final day for the Sieger Show and although the weather was not completely cooperative, somehow the abundance of beautiful German Shepherd Dogs shined through. All eyes were present to see the very first Maternal Family Group for USCA presented from Yale vom Wilhendorf. This Maternal Family Group preceded the traditional male Progeny Groups. After these groups were presented, the gaiting for all Working Classes began with females followed by males. After all Working Classes were complete, the Sieger Show concluded with the Kennel Groups.

Why the FDA Delay on the Grain Free Investigation?

By John Howard, Co-Owner, Kinetic® Performance Dog Food

In a recent meeting with senior executives at a major pet food retailer, the very first question we were asked was one that is on the minds of many dog owners. What is your opinion on the FDA and the grain free investigation? Without covering the entire conversation, I suggested they were possibly being too cautious in their communication. They felt the FDA was possibly a bit reckless. What was interesting is that we had different views on how the FDA was handling the investigation but for mostly the same reason. The reason was that the FDA sent up warning signals without communicating a clear cause or providing a solution on what to do about it. Our different opinions were based purely on perspective.

The Reckless Perspective

From the perspective of a retailer, they were now being asked a lot of questions by dog owners that they could not really answer with any confidence. This could probably be applied to veterinarians, breeders, trainers and really anyone involved in daily interactions with dog owners looking for advice. Understandably, the FDA approach left them with a lot of uncertainty regarding the health impact of grain free products and no real direction on how to address it. Understandably, this is a very difficult position to be put in when faced with potentially life altering food choice.

Why, then, would the FDA raise questions without being able to provide definitive answers? The answer to this question is why I felt they were potentially being too cautious.

The Cautious Perspective

Before getting into this, I want to clearly make the point that our perspective is based on speculation. We have no inside knowledge of the FDA investigation or any of the people involved in it. Our perspective is based on many years of working in the industry around scientists and nutritionists. They tend to be reluctant to take a position they cannot definitively prove.

With that being the case, why would they raise such concerns in the absence of definitive proof? We suspect it is because they believe there is a significant

health risk involved and that they know it but have not yet been able to link the condition to the specific cause. While the correlation is strong, correlation is not causation. We believe they know there is a major problem, but cannot provide a solution until they can isolate the precise cause to their satisfaction. Hence, they issued a warning but were reluctant to make any claims they cannot yet substantiate.

The Risk of Caution

The problem with the cautious approach is that it has left a vacuum of information that some are using to suggest that there is not really a nutritional issue. We have heard companies suggest that it is driven by some of the major manufacturers to squeeze out smaller ones. We have heard that the number of affected dogs is too small to suggest a broader concern. To this we would respond that the numbers appear small right now because it is only the dogs that have progressed to the point of severe health problems. There may be no obvious symptoms of early stage dilated cardiomyopathy so the number of affected dogs could be exponentially higher than we have seen to date.

What to Do

It is difficult to gauge how widespread the impact will become but we suspect this is going to get much worse as more information emerges. We would suggest taking a cue from what manufacturers are doing. Many are already making formula changes in anticipation of FDA findings and a major shift away from grain free and similar diets. It would probably be prudent to follow this lead and consider a diet that engenders less risk.

For our part, we do not need to change anything as we do not offer these types of products. We never considered these types of diets founded in sound nutrition science and we will continue to focus on promoting nutritional education specific to the needs of working and sporting dogs.

Kinetic® Performance Dog Food is committed to working dog nutrition and is the proud Official Dog Food Sponsor of the USCA. If you have questions about Kinetic, or other general nutrition questions, feel free to contact John Howard directly at john@kineticdogfood.com.

Team USA Takes 2nd at the 2019 WUSV World Championship

But Returns Home with Heavy Hearts

By Jim Alloway - Team Captain
Photos courtesy of Brian Aghajani Photography

This year I had the opportunity and privilege to lead Team USA as team captain for the 2019 WUSV in Modena, Italy. It was a tremendous experience with some really great moments, but will always have an asterisk because of the horrible event.

I have been lucky enough to be selected as Captain for a handful of USA teams and been to more than a dozen WUSV championships. While I want to write about the new experiences, comradery, and accomplishments of this team, it is impossible for me not to start with what turned out to be one of the most excruciatingly difficult and heartbreaking experiences that I have ever witnessed in sports. Ronny Burmer, and his wife Michele, tragically and unexpectedly lost their dog Aldo vom Burmeister while we were in Italy. While there were some really great memories created and an incredible 2nd place finish for Team USA, I will always remember the event with heavy heart and great sadness. For anyone that owns a dog, losing them is always the most difficult time. Losing a young dog, in

the middle of achieving a goal so many years in the making, adds an extra element of tragedy and pain that I just can't really imagine or wrap my head around. I am extremely proud of the love and support our team showed Ronny and Michele. I hope in time

that there is at least that one very small takeaway from the week that they can embrace and find some solace in. Finally, Pete McGinn reminded us all of what the word "friend" really means. If the sentiment that, "we can be judged by the friends we keep" is accurate, then Ronny and Michele are truly incredible people. Pete was there for them at every step of the championship, handled the situation, and helped them in a way that I think any of us would hope that our friends would help us if we ever went through such a tragedy. I have met Pete only a few times before that week, but feel privileged that I was able to get to know a phenomenal person. Thank you Pete for all that you did for the Burmers and the team!

Also, thank you to Sonia Perisi for helping us with hotels, travel ideas, and setting us up with practice tracking, stadium, club, etc. She introduced us to Claudia and Salvatore and both took care of us like we were valued club members. Thanks to all of you!

The WUSV really begins the day after the qualification trial. The scramble to make sure that hotels are secured, entry forms submitted, flights booked, cars rented, arrival days coordinated, training and tracking fields available, health exams scheduled within the proper windows, feels like a frenetic carnival every year. With only a few days left before heading to Italy, everything was on schedule and all was calm ... until I received a call from Gustavo ... he and Dezi would not be making the trip. Dezi had suffered an injury during training that would prevent him from competing. USA1 was out of the competition. I have known Gustavo personally for over fifteen years and know how much he loves his dogs, our sport, and our organization and knowing the amount of work and anticipation he had put into years of training made the news particularly wrenching. I thought that this would be the worst part of the event. I was horribly mistaken.

This year's team:

- USA1 Gustavo Sanchez / Dezi vom Haus Stavo
 - › Unable to compete
- USA2 John Kennedy / Knox von der Olgameister
 - › 22nd place - 263
- USA3 Erin O'Shea / Vegas von der Burg Hinte
 - › 15th place - 271
- USA4 Frans Slaman / Allie vom Burmeister
 - › 71st place - 241
- USA5 Vadim Plotsker / Woody van het Zuidpark
 - › 6th place - 275
- USA6 Ronny Burmer / Aldo vom Burmeister

What was of particular interest with this team is that while a few of them had been on a world team in some capacity before, this was the first time they would actually be competing in the WUSV Championship. While I initially thought this would be a team shortcoming, it actually turned out to be a non-factor. Everyone on this team was professional, courteous, supportive, well-prepared, attentive, and represented our country in a manner that would make all of you proud.

Naturally, we send or post pictures of the team at the best times - dinners, opening and closing ceremonies, following a great performance, etc. The reality of these championships is that those are the very brief and fleeting times. Before the actual championship begins, the majority of time is spent driving to find tracking fields (and ultimately hoping that you do not get kicked off or shot), stopping at a gas station for lunch, getting lost, driving to a training field for obedience and protection (and waiting for hours to work for just a few minutes), then headed back to the host hotel for a shower and dinner, where typically all you are thinking about is going to sleep. You get up the next morning and do it all over again. Once the official event begins time seems to be equally divided between hotel, tracking fields, and the stadium. While these facts do not make for a great sales pitch, every competitor will quickly let you know that they would do it again in a heartbeat. This is a ringing endorsement and testament to the German Shepherd Dog and our sport. In the end, it really is all worth it.

This trial is really an eight-day event: Sunday

through Sunday. Sunday vet check followed by stadium practice on Monday and Tuesday and then the competition starts Wednesday morning. Each competitor only does one phase a day. However, because of the large entry, a team could end up with a draw that had them working Wednesday, off Thursday, working Friday, off Saturday, working Sunday – very different from anything we typically train for at home.

Practice always presents its share of challenges – the **TEAM** has 25 minutes TOTAL to do obedience and protection. And this includes field change-over time. TRANSLATION: you better be organized and efficient. Like most of the challenges of the week – our team excelled and showed superb preparation and adaptability – the harmony is actually a really cool thing to witness when done correctly.

After landing in Italy, I was informed that John (who I learned really hates to be called John and greatly prefers his childhood nickname - KenRon) had already been involved in a car collision. While not injured, it is not the best way to start your first WUSV experience. Of course, he rallied and remained unaffected – until the next day when he witnessed a deadly motorcycle accident right in front of him. He was the first on the scene and became a witness for the crash. *THIS TRIP WAS NOT STARTING OFF WELL!* Luckily, this would prove to be the last major non-training challenge of the week for him. John has worked very hard with his dog and, for me, it was great to see someone who really loves his dog and the sport do so well. While tracking did not end up as he had hoped, he finished with an impressive 92/93 in the stadium which was one of the top five stadium combined totals in the entire event. This was an incredible first WUSV performance!

Erin and Vegas arrived with the most experience on the team and put on one of the best protection performances of the week. She and Vegas earned a 96 in protection which was one of only five V's in protection the entire week. It was a phenomenal performance and they were rewarded with thunderous cheers from the crowd! Erin has very high expectations which is evident just by watching her train for a few minutes. She is intense and does not shy away from hard work. While she did not meet those expectations in tracking and obedience, she still had a great week and should be proud of her work.

I probably know Woody more than any other dog on the team. He is very similar to my old dog and has a very open and steady temperament so I knew that no moment or situation would be too big for him. He has however had some "oddball" things that have happened in trial and Vadim had been focusing on eliminating these little issues. His work paid off and they were steady across the board, earning SG's in every phase. When all was said and done, they earned a 6th place overall finish!

Ronny and Aldo earned the only other V score from Team USA with a track that I will remember forever. I had seen Aldo track in practice and it was flawless. The trial looked exactly the same. His track was a right P and gave everyone watching goosebumps and inspiration. It will be the new benchmark in my head for what a tracking performance should look like. He earned a 97! Aldo was lucky to have Ronny and Michele. I know they will never forget the performances, scores, and days spent on the training field. The memories take a backseat to all the other life moments he gave them. Aldo will be missed.

Ronny and Michele were rightly proud that Aldo's litter littermate, bred by the Burmers, was also on Team USA. Allie, handled by Frans Slaman, while not scoring as hoped, turned in respectable performances. I cannot remember a time that two littermates, bred in America, were on the same team. They should be honored and proud of this incredible achievement!

Through all of the trials and tribulations, the team placed 2nd in team standings! It was a very nice ending, that gave everyone an indescribable level of pride.

Next year's team will look very different – they always do. My hope is that this year's team sets an example for others that follow and seize the opportunity to

compete at this level. It is truly a magical experience!

Thank you USCA for giving me the opportunity to lead this very capable team to the 2019 WUSV Championship. It was a privilege, an honor, and an experience that will stay with me for life. Thank you to all of the people that helped along the way and to the wonderful team!

Q&A with Team USA Members:

John Kennedy: Overall, WUSV experience was great!

JA: Was it worth all the effort? Would you do again?

JK: I would be more than honored to represent USCA and the USA at future World Championships. For as much as people try to explain what it's like when it's your time to take the stadium, there's no describing the feeling. I was nervous leading up to taking the field but once I was on the field the nerves went away.

JA: What things that were vital to your preparation?

JK: I couldn't imagine making the trip without an experienced/knowledgeable captain to make sure everyone was in the right place at the right time. Making sure your "head" was on straight and help talk you off the ledge at times.

Knowing the essentials to pack for such a trip (dog food, training equipment, medication and so on), requirements for traveling with your dog, having access to training equipment/field/tracking in the host country is huge.

Traveling with someone to help with the dog, luggage, and rental car made my life a little easier and less stressful. Coordinating travel to and from the hotel without some sort of help would have been difficult.

JA: What difference did you notice between WUSV and trials at home?

JK: Preparing for WUSV was tough being that I live and work in Michigan but train in Indianapolis. Having a supportive wife and kids at home was key for me. If I didn't have the support at home and training, I don't think I would have been even close to prepared for such an event. Being my first WUSV experience as a competitor, coming away with some sort of success was something that was very important to me to justify the time away from home while training.

JA: What were your favorite moments?

JK: *Favorite moments...Of course walking into the stadium when it's your time to compete is a memory I will never forget. Hearing your name announced as the next competitor is pretty wild. Spending time with the rest of the team at dinners was a lot of fun and something Liza and I looked forward to daily. Training and tracking practice is also something I have great memories of.*

The only other thing I would say was very memorable for me was getting my USA-2 bib. Very proud moment for me and reflects all the hard work that I have put in as well as ALL THOSE who have helped me over the last six years.

I'm sure I'm leaving out quite a bit but it's really hard to put into words what some of the experiences were like but I sure as hell hope that I'm fortunate enough to be part of this team again in the future.

Erin O'Shea

JA: What difference did you notice between WUSV and trials at home?

EO: *At the WUSV the stress level is definitely higher. You are in a foreign country, in a very big stadium that is not familiar. All of those factors make for more stress for the handler and the dog. And the schedule is also very different. Since each competitor only does one phase per day and there are ~130 competitors, the event is spread out over five days and you have breaks in between the phases. On the one hand, this allows for more preparation, and on the other hand, the event seems interminable!*

JA: Was there a difference between how it actually went vs. what you thought it was going to be?

EO: *I am not sure I had a specific expectation for how it would go, other than I expected to perform as a dog-handler team as we do in practice. Unfortunately, in obedience this was not the case. I did not do a good job maintaining the focus of my dog during what seemed to be long waiting periods (after the long down and before starting the heeling pattern) – in actuality they were not long waiting times, but they sure seemed like it when I was out there! And so my dog was not at all focused in obedience, leading to a disappointing performance. But I learned something about what I need to do as a handler. The dog is not a robot!*

JA: What were your favorite moments?

EO: *We had a lot of fun and camaraderie as a team during the event. I got to know the other team members and their spouses and very much enjoyed that part of the experience. It was a terrific group of people on the team. I also met people from other countries, including Italy. It is wonderful to see how international the sport is and to share experiences with people from other countries.*

JA: Was it worth all the effort? Would you do again?

EO: *I think it was worth all of the effort – I enjoyed the experience. If I had the opportunity, I would do it again. But I am glad it only happens once per year because it is tiring!*

JA: Any advice for others who want to make the team?

EO: *Find a good trainer and coach who knows what it takes to be competitive at the top levels – ideally, someone who has either been there themselves and/or who has already trained others who have made it to that level. Also, it may seem like IGP is an individual dog handler-dog sport, but it is not! You need a good team to make it to the WUSV – people who support you personally, those who can help lay tracks, spot your obedience, and as I mentioned above, a good trainer and coach.*

Vadim Plotsker

JA: Any mistakes that you won't make again?

VP: *For obedience, I activate my dog by making him bark and do various exercises prior to going out. This was not possible with the very limited space available and the queue time of 15 minutes. We were in the staging area just off the field, making your dog bark, spin, and backup (my OB prep) was not possible due to very limited space and the pair still up performing their routines. I should have created a different warmup for obedience, better suited for the situation. Luckily, we were in the long down first, in the sun, so Woody had a chance to relax and take some of his edge off. Otherwise, I would have been out there with a wild animal.*

JA: What things were vital to your preparation?

VP: *First and foremost a great team that always provided positive, honest, and unwavering support. They helped with practice in big stadiums. Creating a trial like environment with other dogs, cars, noise. I practiced as close to a trial picture as possible.*

JA: What were your favorite moments?

VP: *Sharing this experience with my wife (not a Schutzhund person), who helped to bring some normalcy to an out-of-body experience of the WUSV World Championship.*

JA: Any advice for others who want to make the team?

VP: *To paraphrase Mark Twain: 'Keep away from people who try to belittle your goals. Small people always do that, but the really great people make you feel that you, too, can become great.' Be a part of a great team and this energy will allow a common person to attain uncommon results.*

USCA Youth Program at the Sieger Show

By Michele Scarberry, Youth Director
Photos by Vitaliy Autin

The USCA Youth Program was founded to promote the dog sport of Schutzhund among our youth, through integrating the sport of dog training, competition, encouraging the use of critical thinking skills, and teaching sportsmanship.

The Youth Committee also recognizes and rewards our youth who demonstrate responsibility and dedication not only to the dog sport but also academics.

Arranging this year's program was Elena Ortiz. Assisting were SV Youth Director Sylvio Grimm and his daughter Saskia Grimm. The focus was "listening". Owners need to listen and watch their handlers as they proceed around the ring. To teach those listening skills we danced to the song "The Git Up" by Blanco Brown, led by our dance instructors Shaq Williams and Ravi Iyer. Let me tell you, those boys can really get down and boogie!

Twenty youths participated in the Seminar. Each

youth received a participant medal, Youth Program T-shirt and a gift bag. We are so grateful for the sponsors of those gift bag items. Thank you to: Canis Callidus, Extreme Canine, Joe Picone, Wendy Valasquez, Janet Hilliard, and Team di Casi Ortiz.

Each youth was assisted by a parent or assigned an adult assistant to lend a hand inside the ring. And

Elena graciously provided a litter of puppies for any child who did not have a dog to handle in the class.

Youth Participants included:

5-year-olds: Zachary O'Donovan and Jackson Yager

6-year-olds: Gabriel Ortiz and Ethan Turner

7-year-old: Addisyn Nelson

8-year-olds: Michael Popa and Annabelle Shook

9-year-olds: Adriana Burgos, Alexandra Calderon, Lucas Moxley, Kai Pittarelli, Addy Reid and Jillian Yager

10-year-old: Jackson Reid

11-year-old: Ariana Sharifi

12-year-olds: Natalie Moxley and Samantha Robowski

13-year-old: Bella Popa

14-year-olds: Laura Betlack and Alaura Brown

Six youths received Academic Award acknowledgements. These students achieved a 3.5 GPA, or higher, during this academic year.

Executive Board Ballots

EB Motion #39-19 – Discontinue offering IPO Titles

Motion by Nathaniel Roque, DOJ, seconded by Michele Clubb, Secretary for USCA to discontinue offering IPO Titles.

Background: During the transition from IPO to IGP many USCA members expressed a desire to maintain offering the IPO 1-2-3 titles for a couple of reasons.

1. An overall concern that the new IGP titles were going to “water down” the overall dog sport due to the changes in some exercises. This has proven not to be the case and there is no significant difference in the requirements to earn an IGP title vs an IPO title.
2. Because of the concern that IGP would be too easy initially the USCA Breed Survey requirements continued to require an IPO1 title or a higher IGP title of IGP2-3 to qualify for Breed Survey. This is no longer the case as the USCA Breed Survey requirements have been changed to match the SV breed Survey requirements of IGP 1-2-3.
3. Since January 2019 there have only been a couple of IPO titles recorded in USCA trials. Just as with the AWD 1-3 titles members are not entering for them.
4. IPO titles earned after 1/2019 are not valid with any other organization worldwide.
5. Continuing to have the additional IPO rulebook and trial paperwork is confusing to some members and clubs.

Overall by dropping the IPO and only offering the currently accepted working dog titles of IGP, RH, HgH we are doing what every other WUSV organization in the world does.

VOTE RESULTS: YES: 19 - President Vadim Plotsker, Vice President Mark Scarberry, Treasurer Jim Alloway, Secretary Michele Clubb, DOJ Nathaniel Roque, NBW Heidi Theis, DAL's Mike Diehl,

Dennis Vander Linde, Alan Bartlson and Dr Gary McGillivray, RD's Mike Sweeney, Robin Ayling, Don Yelle, Pedro Jimenez, Diane Vegsund, Hal Lymus, Dr Dena McGowan, Richard Shook and Teresa Cowart
NO: 1 - RD Debra Krsnich

MOTION CARRIED OCTOBER 20, 2019

EB Ballot # 40-19 - Waive the requirement to participate in a Regional Championship for Joeri Verth to qualify for 2019 Nationals with his dog Ace.

Motion by: Jim Alloway, Treasurer, seconded by Nathaniel Roque, DOJ, to waive the requirement to participate in a Regional Championship for Joeri Verth to qualify for 2019 Nationals with his dog Ace.

Background: Joeri intended to show at the Mideastern Regional Championships, however, the timing of a medical surgery prevented him from doing so. He and his dog Ace competed at the 2018 Nationals and have met the 270 requirement for the 2019 Nationals. While there were other regional events that Joeri could have attended prior to the MER Championships, he did not have knowledge that the surgery would be moved up to prevent participation in the MER Championships. The MER Championships were the last regional event prior to the Nationals, preventing him from attending another qualifying event.

USCA Apprentice Judge Program

USCA members interested in becoming a Schutzhund Judge should request an information packet from the Director of Judges. This packet details the procedure for acceptance into the program. After all facets of this original application are complete, the names of the new USCA Judge applicants will appear in two issues of *Schutzhund USA*. Anyone wishing to comment as to the character or qualifications of the new applicants may do so in writing to the Judges Committee Chairman, Nathaniel Roque. These written comments must be received no later than four weeks following the second publication of the new applicant's name.

The Apprentice Judges are those who have met all training requirements. Apprentice Judge Trainees are those who still have not met the training requirement of titling one dog through a SchH3, a second dog to a SchH1, as well as obtaining an FH on a dog trained by the candidate. The apprentice trainees are yet to fulfill all requirements of the program but are currently active in training a dog toward that goal. All of the requirements for the USCA Apprentice Judge Program can be obtained by contacting the USCA Director of Judges.

Send form and credit card information to:
 Stephanie Dunion
 Scheduler of SV Judges
 4 Pickwick Lane
 Newtown Square, PA 19073
 610.353.3943
 K9Spirit@k9kuriers.com

All Clubs planning to host a SV Judge must complete the following form. The information on this form is necessary to effectively schedule and coordinate the logistics of SV Judges on assignment in the United States. This form will be used as the official calendar of SV Judges. If your event will require more than one SV Judge, please use a separate form for each judge.

All SV judges requests must be submitted at least 6 months in advance of the event to ensure all paperwork can be authorized. NO exceptions to the WUSV/SV rule of 8 weeks can be made if the deadline is not met.

Cancellations must be received in writing two-months prior to the event. **All request forms must include valid Visa or Master Card credit card information to pay SV fees.**
